

New 2021 Displays

During 2019-20, one of the museum's rotating exhibits featured five of Hendricks County's townships: Brown, Guilford, Liberty, Lincoln, and Middle. We are currently displaying our 2021 exhibits for the remaining seven townships: Clay, Eel River, Franklin, Marion, Union, and Washington Townships.

The new display also features the three U.S. highways that pass through our county and our featured townships. Highways 40, 36, and 136 all played a part in the development of our county and our country. All three have a story to tell!

Here's a Special Display Quiz. Can you match the town with the township?
